RE List members:

As discussed at the Renewable Energy stakeholder meeting on March 11, the New Jersey Board of Public Utilities (BPU) has scheduled a public presentation on the draft report on Solar Development Volatility.

The draft report was developed as part of an ongoing analysis of approaches to mitigate solar development volatility. The analysis was initiated after Governor Christie signed the Solar Act into law as part of a bipartisan effort to ensure the continued success of the solar market. It will be available March 26, 2014 at: <http://www.njcleanenergy.com/renewable>.

The public presentation will take place on **April 1, 2014**, from 1:00 p.m. – 4:00 p.m. at the Rutgers University Bloustein School of Planning and Public Policy, located at: Public Forum Room, first floor, 33 Livingston Avenue, New Brunswick, NJ 08901. At the public presentation, there will be an opportunity for public comment on the draft report.

All written comments must be submitted in Word format to: publiccomments@njcleanenergy.com with the subject heading “Draft Solar Development Volatility Report.”

The comment period will end at 5:00 p.m. on **April 11, 2014**. All comments will be posted to the NJCEP website at the end of the comment period.
